The professor gave lecture Notes which were a big help during study.		
	No mandatory attendance of the lecture/exercise, please!	- Please use a online survey after(!) the exams!
	the exercise room is too big, and has a bad lighting condition. We should seat around a big table, ie maybe as difficult to see the blackboard clearly. The symbols used in the lecture are a little different f rom where common used in other books, ie makes me a little confused when study more in free time.	
	Better auditotium for lectures. Appropriate room for exercises.
