

SS 2013

Advanced Topics in Computer Graphics I

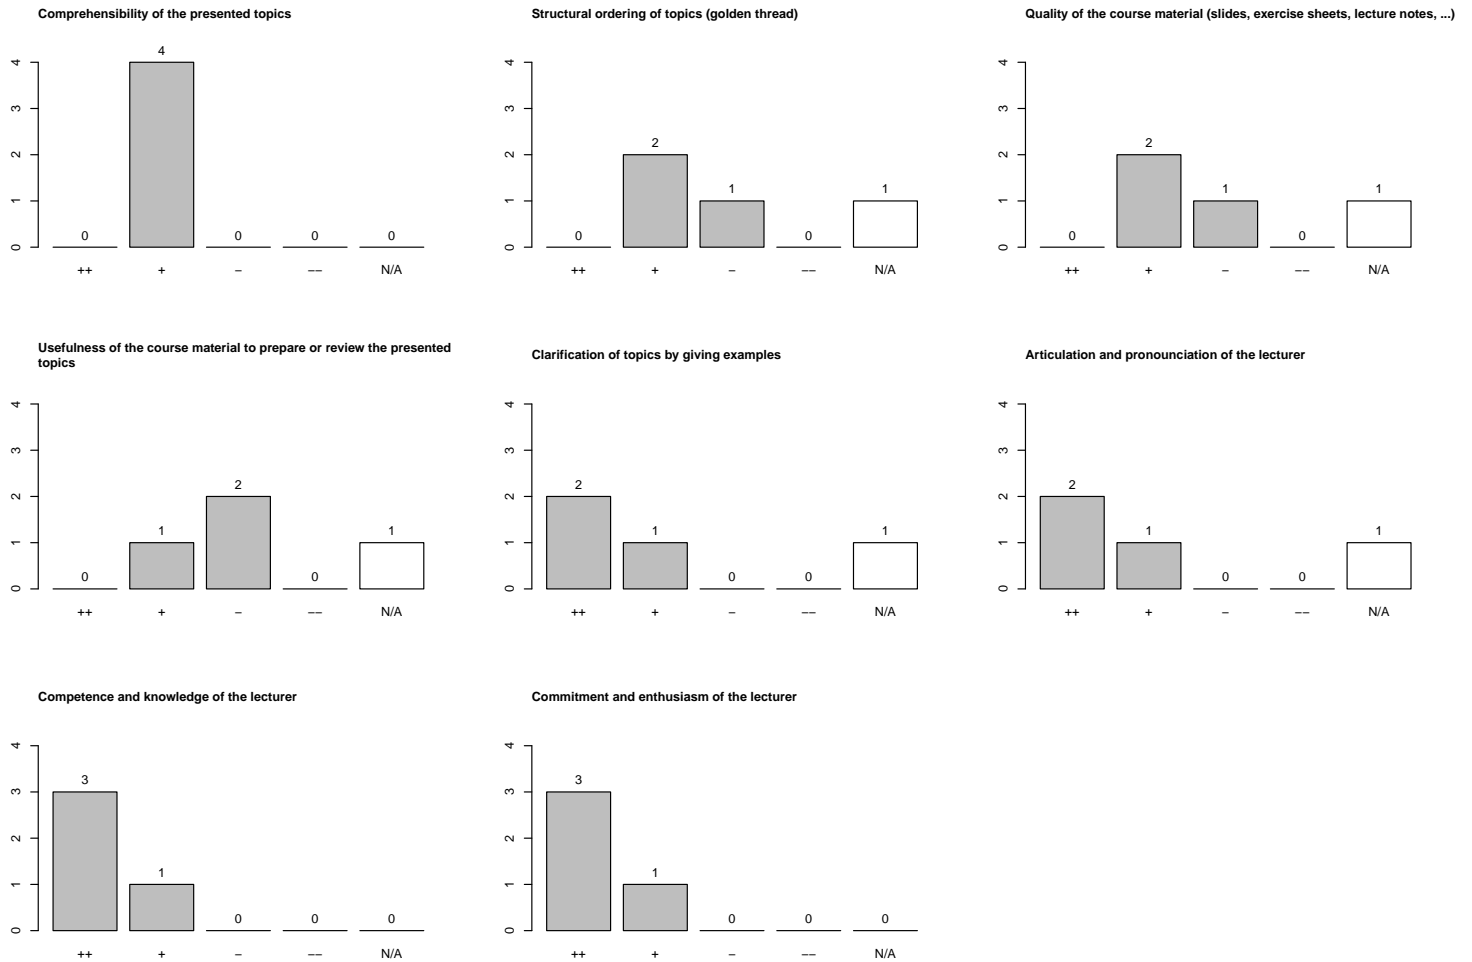

PROF. DR. REINHARD KLEIN

Average grade: 2

Participants (evaluated survey sheets): 4

- Bachelor: 0
- Master: 3
- Diploma: 1
- Lectureship: 0
- Minor subject: 0
- FFF: 0

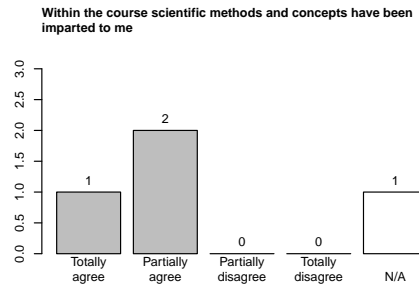

1 Please rate the quality of the lecturer's teaching.

2 Please rate the organisation of the course.

3 Please rate how the following statements fit your opinion.

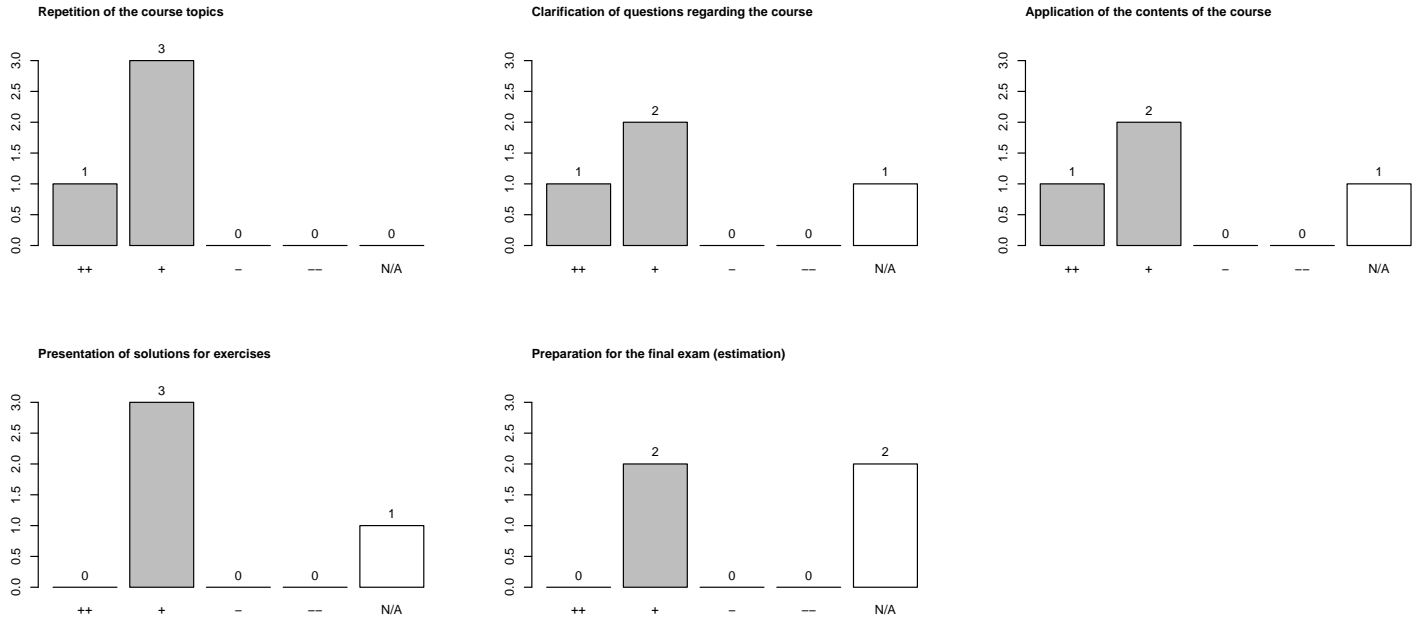

4 Please estimate the effort and complexity of this course.

5 How many hours per week did you spend on this lecture (including the visit of the lecture and exercise groups) on average?

6 Please assess the value of the exercise groups to help understanding the presented topics.

7 Please rank the size of the rooms and exercise groups.

8 Please compare your interest in the topics of the course before and after visiting the course.

9 Please give an overall rating of the course on a scale from excellent (1) to very poor (6).

10 Comments

Which things of the course did you like?	What could be improved?	You can leave remarks and feedback to our survey here.
	Please improve the framework code for the exercises. Make sure it can run if filled in. It would be great to have tutorials on how to make the later Qt frameworks work on a private PC. A better access to matlab would also be useful.	
Excellent lecturer, in-depth presentation of all topics.	Point out the preliminaries of the course, especially required knowledge in graphics and math. "Foundations of Graphics" is by far not sufficient.
