DR. THOMAS BODE

Average grade: 1.9

Participants (evaluated survey sheets): 9

- Bachelor: 8
- Master: 0
- Diploma: 1
- Lectureship: 0
- Minor subject: 0
- FFF: 0

## 1 Please rate the quality of the lecturer's teaching.

## 2 Please rate the organisation of the course.

Allocation of the exercise groups

Availability of the course materials (eCampus, Website, ...)

Assistance outside of the course/exercise

Satisfying number of exercise groups

Flexible scheduling of the exercise groups

## 3 Please rate how the following statements fit your opinion.

The organisation of the course seemed to be well-thought-out

The exercises/homework tasks were verbalised very well

The preconditioned contents of this course were adequately known to me

The contents of this course matched the goals given in the module description

Within the course scientific methods and concepts have been imparted to me

The contents of the course had a relation to practical problems

In this course I have been taught helpful knowledge and abilities which I can use in my later work life

This course boosted my interest in this area of studies

#### 4 Please estimate the effort and complexity of this course.

The speed of the proceeding was ...

The amount of material to be studied was ...

The complexity of the lecture was ...

The complexity of the exercises was ...

The effort needed to solve the exercises/homework tasks was ...

The effort for the preparation and revision of the lecture was ...

#### 5 How many hours per week did you spend on this lecture (including the visit of the lecture and exercise groups) on average?

## 6 Please assess the value of the exercise groups to help understanding the presented topics.

## 7 Please rank the size of the rooms and exercise groups.

## 8 Please compare your interest in the topics of the course before and after visiting the course.

**9 Please give an overall rating of the course on a scale from excellent (1) to very poor (6).**

**10 Comments**

Which things of the course did you like?	What could be improved?	You can leave remarks and feedback to our survey here.
	Etwas mehr Zeit für Projektarbeit geben	
Wiederholungen zu Beginn der Vorlesung. Engagement des Dozenten/Übungsgruppenleiter. Atmosphäre	Praktische Programmieraufgabe war zu umfangreich und dabei keine wirklich wichtigen Dinge angewendet, welche der Klausurvorbereitung geholfen hätten.	
In jeder Vorlesung wurden Inhalte der letzten Vorlesung ausführlich wiederholt. Die Betreuung in den Übungsgruppen.	Die praktische Aufgabe war vom Umfang her etwas zu groß, wenn man bedenkt, dass noch Übungsblätter abgegeben werden und in der Regel noch ein Testat geschrieben wird.	
Gute Tutoren, allgemein die Existenz einer Praktischen Aufgabe	Der Arbeitsaufwand für die Praktische Aufgabe war enorm. Wenn schon, dann sollte das Programm auch einen wirklichen Nutzen haben und nicht wertlos werden (da auf der DB bald nicht mehr zugegriffen werden kann).	
eine praktische Anwendungsaufgabe zu haben war gut, aber (siehe links); Verbesserung: früher die praktische Aufgabe stellen und somit mehr Bearbeitungszeit liefern. Sehr coole Fragerunden zu Beginn der Vorlesung. gut vorbereiteter kompetenter Dozent	der Aufwand für die praktische Aufgabe in dem engen zeitlichen Rahmen war zu hoch!	Bitte die Modulhandbuchbeschreibung mit geben für das jeweilige Fach.
/	Übungsblätter + Progr. Aufgabe (die wenig mit der Vorlesung zu tun hat u. für die Anfänger zu schwer ist) + Probeklausur für die Zulassung ist ZU VIEL!	/
%	Die Zulassungskriterien waren einfach übertrieben. Bisschen weniger hätte es auch getan %	%
