7.1 Which aspects of the course did you like?

Exercises

The lecturere was very friendly and answered questions in detail

7.2 What could be improved?

There should be no examas etc good dorce and practical course.

Liked the lecturer, but please try to speak louder & slower!

- Maybe it would be better to structure the lecture so it would start with Datalog and then build up on it

7.3 You can leave remarks and feedback to our survey here.
