7 Free Text Comments

7.1 Which aspects of the course did you like?

CONTENT

- very good tutor
- interesting practical exercises

Interesting topics, great tutor the videos shown were really interesting

Speed, workload, topic itself

7.2 What could be improved?

- sometimes a more specific tank in the exercises
- also some (more) ¨pen and paper¨ exercises (e.g. applying algorithmes by hand)

The exercise sheets were confusing at times or needed additional explanations

unfortunately the way of presenting the lecture is not motivating at all.
The slides are not adigwate to repeat the lecture, since it is not possible to follow all the time during the lecture

Lecture slides were not helpful - if classes could not be attended, there was no help to catch up
