## 7 Freitextkommentare

### 7.1 Was hat dir an dieser Lehrveranstaltung gefallen?

Welcome to my Ted Talk: The lecture is well organized, transparent and overall just well done. Exercise sheets help a lot for understanding the concepts and are good prep for the exam. Thanks for attending my Ted Talk.

Overall, I DESPERATELY NEED MORE GÖRKE LECTURES IN MY LIFE!!!

Topic is interesting

This was my favorite course of the semester because the professor explained everything clearly and was always ready to answer questions during and outside the lecture time. He was also so disciplined in terms of releasing the exercise sheets on time. The slides were informative to study on your own after the lecture. Thanks a lot, dear Dr. Goerke! I learned a lot from the course and was always glad to attend the lecture.

### 7.2 Was könnte noch besser gemacht werden?

the script has some mistakes here and there and the lecturer tends to rush the last slides due to time reasons (but! the lecturer always ends on time :D i don't know how he does this without skipping through the script but he gets it done continuesly wow

Go over a bit more quickly over the easy slides and repeat the content less often so there is more time in the end for the more complex topics to understand

The exercise solution sessions of last semester's Artificial Life lecture were in my humble opinion extremely helpful. It would be great if those would be implemented for TNN as well.

The contents are outdated and not well illustrated.
