6 Free Text Comments

6.1 What did you like about this module?

Topics were motivated and up to date research was presented. Furthermore I liked the graphics on the slides supporting the understanding.
--

Very readable slides and good intuition building and backgrounds
--

The professor takes time to make sure we understand what she is teaching.

6.2 What did you not like about this module?

Longer proofs were sometimes a bit all over the place and harder to follow.

We would appreciate recordings of the lecture, because there are certain things that are not on the slides but not trivial enough for many of us.

6.3 What could be improved in the future?

On some slides there are only pictures. Some notes would be helpful

Having recordings

Better examples and visualizations, less formal content. More time on the exercise sheets or shorter exercise tasks.
